1) "Important information"

This section contains:

- on the one hand, recommendations to follow in order to correctly complete your application form
- on the other hand, documents to download, including in particular :
 - the candidate declaration form (statement of intent to apply) you need to print, fill in, sign and send by mail postmarked by midnight February 19th, 2018 at the latest
 - the application form you need to fill in and then submit in the section "Attachments"

2) "General information"

In principle, the forms in this section are those that may be requested for any type of recruitment at Inria.

Once these forms have been filled in, should you apply again to other Researcher job offers at Inria, this same data will be automatically included: you will only need to update it.

Compulsory data is indicated by an asterisk *.

3) "Preferred teams"

When applying for a researcher competition, enter your targeted centre and team here.

4) "Application-specific information"

This section contains forms to fill in. Unlike the forms in the "General information" section, these forms contain data specific to the job offer to which you are applying.

For example, the forms in this section will be different depending on whether you are applying for a Researcher Promotion or a Researcher Competition.

Compulsory data is indicated by an asterisk *.

5) "Attachments"

In this section the candidate provides the required documents.

For researcher competition, only the completed application form (in PDF format) must be submitted by the applicant.

6) "Recommendation requests (5 max.)"

In this section the candidate may provide contact details of leading scientists to be contacted for a reference letter.

At the closing of the Researcher competition application campaign, the referees (maximum five) will be contacted directly by the Inria Human Resources Department. They will receive a request mail (from « Inria » inria-contact-rh@inria.fr) containing a response URL. We advise you to let them know. Please note: the board of examiners will not examine more than five letters.

You may ask that references provided for applications made over the last years be reused for this promotion request. In this case, it must be explicitly mentioned by using the "**Reuse a previous reference**" button.
